Name of Course:	Polish Beginners Plus	Course book:	Polski krok po kroku
Number of lessons:	15	Chapters:	6-9

Overview of the course:

This course is a continuation of the Foundation module 1 course and extends the knowledge and skills acquired in the previous courses.

After this course students will able to understand slow, clear speech involving immediate needs and everyday things. This course will enable them to understand short, simple texts on familiar subjects consisting of everyday language.
Students will also be able to have short conversations – to ask and answer simple questions on familiar subjects (eg. sports, music, hobbies, interests etc.).
Students will be reading, writing and speaking Polish during every lesson. There will be plenty of listening tasks too.
During this course students will have opportunity to speak Polish in class, and listen to Polish at home (homework).
Finally, the course will help to implement grammar especially concept of cases (Accusative and Instrumental).
This course is particularly focused on the topic of food.

Topics	Language structure/Grammar points
