

Name of Course:	Polish Complete Beginner	Course Book:	N/A
Number of Lessons:	15	Chapters:	N/A

Overview of the course:

Introductory course for students who haven't had a contact with Polish before, or very little contact. The purpose of the course is to learn basic phrases in Polish, learn how to introduce yourself, greet, take leave, count, and read in Polish. There will also be some basic grammar involved such as verb conjugation.

Students will be reading, writing and speaking Polish during every lesson. There will be plenty of listening tasks too.

During this course students will have opportunity to speak Polish in class, and listen to Polish at home (homework). After the course students should be able to make a basic conversation with Polish speaking person. Students will also learn new phrases each week as well as some social background of Polish culture.
